

Neon 99.999%

[View Details](#)

Introduction

CAS NO. 7440-01-9

Classification

Others ->Special gases

Product Description

Product Name	Neon
CAS NO.	7440-01-9
Molecular Formula	Ne
Molecular Weight	20.18
Neon Purity	99.999% min
He	6ppm max
H2	1ppm max
O2+Ar	1ppm max
N2	2ppm max
CH4	0.1ppm max
CO	0.2ppm max
CO2	0.2ppm max
H2O	2ppm max
Application	Generally, neon can be used as the filling gas of color neon lamps for outdoor advertising display; In addition, it can also be used for visual luminous indicator, voltage regulation and laser mixture composition.
